

## Twenty-Four Attend Garden Club Meet

The Azalea Garden Club met on January 12, 1971, in the home of Mrs. Duke Tatum. Mrs. V. D. McCrory served as co-hostess. Delicious refreshments were served as members arrived.

The meeting was called to order by the president, Mrs. Price Ringo, who led the members in repeating the Collect.

The roll was called by the secretary and twenty-four members were present. An oral report of the December meeting was given by the recording secretary.

The corresponding secretary, Mrs. Robert Cannon, suggested that note paper bought by the club be used for official notes. The suggestion was adopted.

Mrs. Boyd Murphree gave the treasurer's report and announced winners of the club's private "Christmas Door" contest. The winners were first prize—Mrs. and Mrs. Edwin Sells, second prize—Mr. and Mrs. James Wise, Jr., and Mrs. Claude Dorsey. Mrs. Price Ringo, who led the members in repeating the Collect, has been placed in the Elba Library in memory of Mrs. Moats mother—Mrs. Fred Clark.

Mrs. Boyd Murphree, program chairman, presented Mrs. Mose Hamm who gave a most interesting discussion of "Terrarium fit for an African Violet."

Following the program the meeting was adjourned.

At the request of officers of Culver Post #42 American Legion, Faba, Ala., Commander Bill Faulk has called for a business meeting Monday night January 24th, 7:00 p.m. at the legion hall on the Troy Hwy.

All members are urged to attend to consider some very important business.

## Miss Wilkerson 3 Seasons Club Meets To Marry With Mrs. Jim Rhodes

Mr. Marsh

Mr. and Mrs. Doyle Wilkerson of Jack, announce the forthcoming marriage of their daughter Deloris Ann to Robert Stanley Marsh, son of Mr. and Mrs. Robert Marsh of Elba.

The bride-to-be is the granddaughter of Mr. and Mrs. Corbett Wilkerson of Jack and Mrs. Alva Bass and the late Mr. Bass of Winter Garden, Fla.

Miss Wilkerson is a graduate of Elba High School and is presently employed with a local firm.

Mr. Marsh is the grandson of the late Mr. and Mrs. James L. Marsh of Elba, and Mrs. W. T. Mathis of Greenville, Tennessee. Mr. Marsh is also an Elba High School graduate. He attended the University of Alabama and now is employed with a local firm.

After a short business session, the meeting was adjourned.

## Elba Councilmen To Serve By Place

Action was taken last week by the Elba City Council to change the method of electing councilmen from the present ward system to a more liberal place system, according to recommendations by the Alabama League of Municipalities.

Where the ward system only allowed an individual to run for councilman against others in his area or ward, the place system will allow a person to run against any councilman, regardless of what section of the city he lives in. This will be much like the old Council-at-large except the five men will be elected and serve for "Place number 1" through "Place number 5."

According to advice received by the City, it's advisable to make the change from the ward system because an even distribution of population among the wards, which should be within 5%, would be almost impossible to obtain which population shifting as it does. The place system will eliminate the problem of population dispersion because all wards will be dissolved. This new system will go into effect with the next city election, which will be in the latter part of 1972.

## Beasley Will Speak At Kinston Homecoming

The Kinston Homecoming will be held February 4, 1972 at the Kinston gymnasium. Events will begin at 1:00 p.m. with a parade. At 6:30 p.m. the Homecoming Queen will be crowned and following that, Kinston will host Geneva in a basketball game at 7:00 p.m. An Alumni Banquet will immediately follow the basketball game. Guest speaker for the banquet will be Lt. Gov. Jere Beasley.

## Rezoning Hearing Set For Tuesday Night

The Elba City Council will hold a public hearing on Tuesday night of next week on the rezoning of two separate pieces of property. The hearing will begin at 6 p.m. Tuesday, February 1st.

The first piece of property to be considered is the Roger Winston property at the corner of North Claxton and Highland Drive. This is to be rezoned from R-1 (residential) to B-1 (light business). This is being reported for the purpose of constructing a drug store on the lot currently growing Winston's peaches.

The second area to be rezoned is the Elmer Taylor Sub-division near the City Limits of the Opp highway. This property is currently zoned AG-1 (agriculture) and is being upgraded to R-1 (single-unit dwelling).

The third and final area to be rezoned is Mrs. W. B. Morgan's property on the Kinston highway, near Brookdale. The property is being upgraded from R-2 to R-1 (a higher residential rating). This property

## Grand Jury Finds Jail In Good Shape

Twelve cases were presented to the Elba Grand Jury last week and jury returned seven indictments, all felonies.

## Victory Day At Westside Is January 30

January 30th will be Victory Sunday for Westside Baptist Church. A goal of 438 has been set for attendance in our Sunday School. Lunch will be served in the fellowship hall following the Morning Worship. All offerings on this Sunday will go in the building fund. The ordinances of the Lord's Supper and Baptism will be observed during the Evening Worship. Our Sunday Services begin with Sunday School at 9:30 a.m., Church Training at 10:10 a.m., and Morning Worship at 11:00. The Evening Service will begin at 6:00 p.m. Everyone has a cordial invitation to attend these services.

## "FILL THE GYM" NIGHT IS FRIDAY

Head basketball coach with the "B" game has two groups - the 18-30 group and the 30-40 group. The 18-30 group will play a varsity game at 7:30. The 30-40 group will play a free-throw game at 8:00. The game will be held at the Elba High School gym. The game will be held at the Elba High School gym. The game will be held at the Elba High School gym.

## Dyess Reminds Local Merchants Of Deadline

City Clerk, Tom Dyess, would like to remind all local businesses that Jan. 31, 1972 is the last day to buy City of Elba Privilege License.

Mr. Dyess asks all persons engaged in any exhibition, trade, business, vacation, occupation, profession or calling, or doing any action herein specified within the Corporate Limits and Police Jurisdiction of Elba to purchase their licenses. He urges all who have not yet obtained their license, please do so by the 31st day of January to avoid penalty and late charges.

## Elba Football Coach Resigns

Elba High School football coach Leon Akins has submitted his resignation to Superintendent Elmer Taylor. He has accepted a position as head coach at the Universal Military School in Mobile.

This is the school where Akins started his coaching career, before moving to Andalusia as an Assistant Coach and then to Elba as Head Coach.

Akins told this newspaper that it had been one of the hardest decisions of his life, leaving Elba and the many friends his family has here.

When he announced his decision to his ball team, Akins told them, "You boys have become like sons to me...you have gotten close to my heart and it is awful hard to leave." He also asked them to give the next coach the same winning attitude they had always given him.

## Country Bond Program Exceeds Set Quota

Mr. Sam E. Sawyer, volunteer chairman for Coffee County reports that savings Bond sales in this county, amounted to \$185,026 at the end of December, making 107.7% of his county goal for the year.

Nationwide, total sales in 1972 reached almost \$1.2 billion dollars. The amount of E and H Bonds and Freedom Shares outstanding has reached a new high of \$4.9 billion dollars.

## City Starts Clean-Up Campaign

## City Starts Clean-Up Campaign

On January 10, the City of Elba started a clean-up project and since that date, the project has proved to be a very worthwhile cause. Five truck-loads of paper, cans, broken glass, and other trash have been picked up along the roadsides, inside the city limits. And that doesn't even come close to having a tenth of the trash around Elba picked up. People through a strong community effort can keep the streets of Elba as clean as it does. But, citizens of Elba, take a long look do the job. Mayor Jack Brunson urges everyone to keep the city streets clean. It helps keep trash off the streets and highways. Says City Clerk Tom Dyess, "Wouldn't it be better to drop that trash in a litter barrel, than on the roadsides?"

## Boutwell Gets Deer On Last Day

Max Boutwell bagged this eight-point buck along with January 24, 1972, the last day of this year's deer season. They wouldn't tell exactly where they got him - just near Pea River in Coffee County.

## Elba Cadets Promoted To Private 1st Class

### SENIOR OF THE WEEK

The students of Elba High School have selected this week as Senior of the Week Diann Jones, daughter of Mr. and Mrs. Donald Stewart and wife of, yes I said wife of Lenny Jones. Diann and Len were married last summer, and both will graduate this May. Diann along with her responsibilities to her home, she still has time for her school's clubs of which she is a member of the VIE, Beta, FHA, French, Mu Alpha Theta. Diann felt that in her opinion a lot of partiality is shown in our school and one improvement she would like to see is a good general clean-up. Her study load this year has been VIE, Democracy, and Bookkeeping. After graduation Diann will be a full time homemaker and wife. Congratulations Diann on being this senior of the week.

### Future Homemakers Hold Meeting

The Elba Chapter of Future Homemakers of America met on January 18, 1972 in the high school auditorium. After the meeting was called to order by the President, Cyndi Stokes, the roll was called and the devotional given. Our program consisted of a panel discussion on "Prejudice: What is Prejudice? How does it affect us, what we can do about it?" The moderator for the panel was Reverend Ed Sells and the members of the panel were Mrs. James Clark, Cyndi Stokes, and Billie Faye Scott. The meeting was adjourned. Teresa Rachel, Reporter

### Cherrie Amuses Math Club

The Elba High School Mu Alpha Theta Club met Thursday, January 26th, in the library. The meeting was called to order and Cherrie Clay distributed program booklets to each club member. During this time Mrs. Adkinson briefly discussed the Mu Alpha Theta Convention to be held March 24th and 25th. Then Cherrie presented the program which consisted of mathematical pictures for fun. Club members enjoyed trying to figure out the captions for each picture.

On Jan. 18, 1972 the outstanding ROTC cadets of Elba High School were awarded promotions to Private 1st Class. The promotions were based on good attitude toward the program, appearance and attendance to the class. Among the ones presenting the awards was Major McCully, 3rd Army Headquarters, H. McPherson, Georgia. Other persons presenting the

awards were Everett Kelley, Chairman of the City Board of Education, Elmer Taylor, Superintendent of Education and Mr. Lamar Foley-Principal.

Congratulations to the cadets receiving the promotions and our thanks to Col. Perry and Sgt. Bailey for making ROTC of Elba High School possible.

## LEGAL NOTICES

### CITY COUNCIL PUBLIC HEARING

There will be a public hearing at the City Hall Tuesday, February 1st, 1972, at 6:00 P.M. to consider a request for rezoning of certain property. The property to be considered is more accurately described as follows.

Rezone from R-1 to B-1 an area in Elba, Alabama bounded as follows: Beginning at the intersection of the West line of the SW 1/4 of the SW 1/4 Sec. 36, Twp. 7 N., R. 20 E., and the North Margin of the Wise Mill road, thence northeasterly along the North Margin of said road 120 ft. to the point of beginning; thence N. 7 degrees E. 630 ft., thence S. 85 degrees W. along the north margin of said road 70 ft. to the point of beginning. Containing one acre, more or less, and being in the SW 1/4 of the SW 1/4, Sec. 36 Twp. 7 N., R. 20 E., Coffee County, Alabama.

For source of title see Deed Book 43A, page 477. Said sale is made for the purpose of paying the mortgage debt and cost of foreclosure, and will be conducted by assignee of said mortgage, Mid-State Homes, Inc., R.A. Norred, 616-2121 Bldg., 2121-8th Ave. No., Birmingham, Ala. 35203 Telephone 323-4076 4-cc

An area in Elba, Alabama as follows: Rezone to R-1 an area on the South side of Hickman Street which is about 3400 feet long from the West city limits Eastward and which is currently zoned AG-1, better known as Elmer Taylor's Sub-division. The exact zoning area can be seen in the City Clerk's office.

Rezone from R-2 to R-1

An area in Elba, Alabama as follows: Beginning at the East boundary of Reese Avenue Street and extending Eastward 400 feet; thence South 75 degrees East 100 feet; thence South 75 degrees East 100 feet; thence North 75 degrees West 100 feet; thence North 75 degrees West 100 feet to the point of beginning.

Tom Dyess  
City Clerk  
1-20-2cc

Default having been made in the terms of that mortgage executed on the 10th day of February 1970, by R. F. Smith, a single man, to Jim Walter Homes, Inc., which said mortgage is recorded in the Office of the Judge of Probate, Coffee County, Alabama, in Record of Mortgage, Book 146, Page 745, and default continuing, and by virtue of the power of sale contained in said mortgage, the following described property will be sold at public outcry, for cash, on the 29th day of February 1972.

Commencing at a point where the Easterly line of the SW 1/4 of SW 1/4 Section 12, intersects the Southerly margin of the Daleville Public Road, and running thence Westerly along the Southerly margin of said road a distance of 557.0 feet to the point of beginning; thence S 24 degrees 24 feet W a distance of 139.70 feet; thence N 70 degrees 45 feet W a distance of 94.00 feet; thence N 19 degrees 04 feet W a distance of 261.50 feet to the Southerly margin of the Daleville Public Road; thence S 59 degrees 53 feet E along the Southerly margin of said road a distance of 272.45 feet to the point of beginning.

Another aspect of safe winter driving emphasized by experts is to drive with head lights on day or night in bad weather. Many commercial fleet operators require that drivers keep lights on at all driving times. Even in sunny Florida where heat haze sometimes forms on long stretches of flat highways, it's a safety factor to drive with headlights on at all times.

This also means checking that "out of sight" battery. Winter driving calls for more battery capacity to start your car in cold weather and keep lights burning longer. So, don't count on summer performance in the winter.

You know how easy it is to get carried away by a good idea. But sometimes that good idea has its limitations, too. For example, everybody seems to be on a recycling kick these days. However, the City of Los Angeles has found that recycling could be a 2-million-dollar exercise in futility. An extensive survey for the city council found that it would cost the city \$3 million a year to collect and handle 100,000 tons of household-segregated newspapers. But selling the tonnage to recycling mills would return a third of this.

Not only would that cost taxpayers \$2 million, but it would replace 100,000 tons of waste paper being recycled from other sources. The mills doing the recycling say they have as much waste paper as they can handle now, and no markets are in sight.

The report, which was supervised by sanitary engineer Charles Imel, states that the real problem is control of environmental litter rather than the waste of our resources. It also recommends sanitary landfill as a more economical solution and one that creates valuable land for parks and recreational centers as well.

Mr. Imel says, "Emotional and symbolic gestures offer no solutions for the complex problems of waste disposal."

Default having been made in the terms of that mortgage executed on the 10th day of February 1970, by R. F. Smith, a single man, to Jim Walter Homes, Inc., which said mortgage is recorded in the Office of the Judge of Probate, Coffee County, Alabama, in Record of Mortgage, Book 146, Page 745, and default continuing, and by virtue of the power of sale contained in said mortgage, the following described property will be sold at public outcry, for cash, on the 29th day of February 1972.

Local Teachers To Attend Special AEA Meeting

Eight educators from three local area school systems will attend the 1972 Delegate Assembly of the Alabama Education Association, meeting in Birmingham, January 28-29, 1972. The local teachers and administrators will serve as official delegates from the local education association to the annual AEA policy making body.

The Delegate Assembly

is the official governing body of the Alabama Education Association. It is a representative body comprised of members elected from and by local teacher association and ex-officio members determined by positions of leadership in AEA.

During the Friday and Saturday sessions, delegates will take action on resolutions, consider the adoption of proposed amendments to the constitution, and take care of Association housekeeping chores. AEA President James A. Smith of Dothan will preside over the business sessions of the Assembly.

Delegates are expected to act upon resolutions which call for a minimum of \$6 per year per student for the free textbook program, a workable effort law, increased federal aid to public education, a seven per cent annual increase in teacher's salaries, and a call for the state of Alabama to pay a portion of the cost of medical insurance for teachers.

Those attending from this area include: Enterprise - Gloria Loser, Thelma Martin, Marita H. Murdock and Maylene Shipman; Elba-Sylvia Padgett and Juanita Scott; Coffee County - Wilton Dyas and Charles D. Lowery.

CELL DIVISION

Mitosis is a process that everyone is involved in - but few people know the word itself. Simply put, mitosis means cell division. And cell division is the way the human body renews itself - at the rate of some 3 billion cells each minute.

The term mitosis was originated in 1882 by the German anatomist Walther Flemming. He used it to describe the manner in which reproduction of the cell nucleus in plants and animals occurred.

So what does this have to do with nutrition? The answer is, everything! Cells cannot form unless the necessary components, or nutrients, are at hand. So what you eat is vitally important. To keep your motor running. And even more important, to keep it running well.

A "New You" Figure it out for yourself. If all those cells are dividing, thus making a lot of "new you" every minute of your life, the right parts are needed. They must be on hand just as the right parts have to be available on the assembly line in Detroit if a new automobile is to be produced. Without wheels you won't roll. Without sparkplugs, the motor won't even cough.

This is why nutritionists keep urging you to choose daily from the variety of foods offered by the four food groups in planning your meals. Each food group - the meat group, the milk group, fruits and vegetables, and breads

## Portrait Of Cornelia Wallace Completed

The first portrait of Mrs. Cornelia Wallace since she became the wife of the Alabama governor has been completed by artist Woodliff Ishmael of Troy State University.

Ishmael, an assistant professor of art at Troy finished the painting a week ago and it is now hanging in the Governor's mansion in Montgomery.

The Troy artist, whose sketches of Jack Ruby trial took Americans inside the television - barred courtroom doors almost a decade ago, began the portrait in late October, but said the majority of the work has been done during the past four weeks.

"I started it back in the fall quarter, but at the same time I was working on two other portraits and had four classes in the art department here at TSU," he said. During that quarter, he was teaching one seven hour and one five-hour class, as well as teaching two independent student students.

The 30 x 42 inch painting, which is in oil with under painting and glazing, a Renaissance-type of work as perfected by Titian, was done from Ishmael's facial sketches of Mrs. Wallace, photos, and through two sittings with the subject.

One of the major difficulties in working with the glazing process, Mr. Ishmael reports, was that the

paint took a long time to weather of the past few dry in the highly-humid months.

## Family Medical Record Offers Health Guidance

By EVE WENGLER

Ever wish that you had a family health record, easy to read and complete with the facts you should have handy? The National Foundation-March of Dimes, in conjunction with the American Medical Association and Woman's Day magazine, has devised an important new tool to make keeping track of a family's medical history simple and clear. It is a four-page form called the Family Medical Record and, when kept up to date, it becomes a valuable document upon which both the family and physician will depend. It provides a quick, comprehensive profile of each family member's health status as well as a record of possible contributing factors in certain conditions.

The Record, accompanied by an article by Dr. Virginia Argar, the Foundation's vice-president for medical affairs, appears in the January issue of Woman's Day, currently available.

Ideally, the Medical Record should be started before a couple marries, so that when the woman becomes pregnant—or even before—her doctor will already have information about her health history and background and that of her husband, and their parents' sisters and brothers.

**Family Data**

Since many conditions may follow a definite genetic pattern, awareness of a disease in one member of the family may alert a doctor to early symptoms in time to avert advanced disease or disability. The age of the family member when the disease first appeared is relevant to the type or severity of some disorders and should be recorded.

So should his or her line of work, since some occupations expose workers to environmental factors which affect health. For example, a brother-in-law's chronic lung condition might be related to asbestos inhaled in his work at construction sites; a sister's miscarriages might be related to her work involving anesthetics.

But it is not just poor health or disease that should be recorded on the form. Information about good health also communicates pertinent information to a doctor.

**Child Health**

Details of each child's birth should be carefully noted as

should incomplete pregnancies, brought about by miscarriage, abortion, or stillbirth. The form has instructions about when children should be vaccinated for rubella (German measles), diphtheria, tetanus, whooping cough, polio, regular measles, smallpox, and all the various boosters. It provides space for an immunization record, periodic physical examinations, medications, allergies, and a record of family illnesses.

"The importance of a Family Medical Record cannot be emphasized enough," says Dr. Argar. "With it a family and its various doctors are in a much better position to maintain good health and plan for better medical care. A record of the health of the family as a whole demonstrates responsibility, and being responsible is an important part in the battle against congenital disease, hereditary illness and birth defects."

**Diagnostic Tool**

Dr. Argar developed the widely used Apgar score, which rates newborn babies' respiration, muscle tone, reflexes, heart rate and color. It is a quick check, one minute after birth, to determine whether the baby needs special attention in the delivery room. Sometimes this score also will provide a clue to some difficulty the child may have later in life. For that reason, it should be included in the Medical Record.

If the Medical Record is faithfully kept, it can help with school, travel or insurance requirements and routine medical consultations, and also can be an invaluable diagnostic tool for the family physician," says Dr. Argar. "Doctors have less and less time to delve into a person's health background, and many people don't remember or are not equipped to answer some of the questions the doctor does ask."

The Medical Record is also valuable because it prompts a person to think about his family history, and to do his own detective work, rather than putting that burden on the physician who simply cannot be expected to know all the details.

A free copy of the Family Medical Record can be obtained by writing—together with a stamped, self-addressed envelope—to Family Medical Record, The National Foundation-March of Dimes, Box 2000, White Plains, New York 10602.
